## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments filed 29 November 2004 have been fully considered and they are persuasive.

### ***Allowable Subject Matter***

1. **Claims 1-18** are allowed.
2. The following is an examiner's statement of reasons for allowance: The Applicant's arguments filed on 29 November 2004 have been fully considered and they are persuasive. The present invention is directed towards detecting a virus within an email by analyzing packets passing over the network. However, in reference to the newly prior art, (Ji et al.) clearly shows packet filtering performed at a higher level than the network layer and not directly towards analyzing packets.

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
